**FORWARD
LOOKING
STATEMENTS**

We endeavour to be open and informative in our presentations.

However, we are not always correct in our expectations, and many circumstances can cause our forecasts and opinions to change; possibly materially so.

Any statements that we make today that may be considered to be forward-looking are based on current expectations that are subject to the significant risks and uncertainties described in our news releases and regulatory filings including our Annual Information Form and Annual and Interim Management Discussion and Analyses available at www.sedar.com. Please refer to these. We assume no obligation to update any forward-looking statements or to update the reasons why actual results could differ from those reflected in the forward-looking statements unless required to do so under applicable securities laws.

FORWARD LOOKING STATEMENTS (CONT.)

Forward-looking statements in this document are based on current expectations that are subject to the significant risks and uncertainties cited. These forward-looking statements generally can be identified by use of statements that include phrases such as “believe,” “expect,” “anticipate,” “intend,” “plan,” “foresee,” “may,” “will,” “likely,” “estimates,” “potential,” “continue” or other similar words or phrases. Similarly, statements that describe our objectives, plans or goals also are forward-looking statements.

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management, are inherently subject to significant legal, business, economic and competitive uncertainties and contingencies. Material assumptions supporting these forward-looking statements include, among other things: assumptions regarding the number of clients and growth of the Company’s market, the price of the Company’s services; that expansion will occur and result in greater branding and business opportunities, that the Company will be able to obtain any necessary financing on acceptable terms, successful expansion to new markets, and assumptions regarding our management team’s ability to implement our business plan, and general economic and financial market conditions.

We are subject to many factors that could cause our actual results to differ materially from those contemplated by the relevant forward looking statement including, but not limited to, software that we license from third parties, our ability to successfully recover from a disaster or other business continuity issues, successfully integrating or realizing the expected benefits from our acquisitions, adverse operating issues from acquired businesses, our ability to attract and retain key personnel; exposure to our partners taking our clients with them to another firm; the performance of the US, Canadian and international economies, including the impact of pandemic diseases; competition from other companies directly or indirectly engaged in executive search; liability risk in the services we perform; potential legal liability from clients, employees and candidates for employment; cybersecurity requirements, vulnerabilities, threats and attacks; damage to our brand reputation; our ability to align our cost structure to changes in our revenue; adverse governmental and tax law rulings; our ability to generate sufficient cash flow from operations to support our growth and fund any dividends; technological advances may significantly disrupt the labour market and weaken demand for human capital at a rapid rate; foreign currency exchange rate fluctuations; affiliation agreements may fail to renew or affiliates may be acquired; marketable securities valuation fluctuations; increasing dependence on third parties for the execution of critical functions; volatility of the market price and volume of our common shares; potential impairment of our acquired goodwill and intangible assets; and disruption as a result of actions of certain shareholders or potential acquirers of the Company. For more information on the factors that could affect the outcome of forward-looking statements, refer to the “Risk Factors” section of our Annual Information Form and other public filings (copies of which may be obtained on our corporate profile at www.sedar.com). These factors should be considered carefully, and the reader should not place undue reliance on forward-looking statements. Although any forward-looking statements are based on what management currently believes to be reasonable assumptions, we cannot assure readers that actual results, performance or achievements will be consistent with these forward-looking statements, and management’s assumptions may prove to be incorrect. Except as required by applicable securities laws, we do not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by us or on our behalf; such statements speak only as of the date made.

No forward-looking statement or projections can be guaranteed. Accordingly, you should not place undue reliance on any forward-looking statements or information. The reader is further cautioned that the preparation of the financial forecast included in this presentation requires management of the Company to make certain assumptions, judgments and estimates that affect the forecast of financial results, including sales, profit and costs. These estimates may change, having either a negative or positive effect on actual results as further information becomes available, and as the economic environment changes. No statement in this document is intended to be nor may be construed as a profit forecast.

The Company’s forward-looking statements are expressly qualified in their entirety by this cautionary statement.

HISTORICAL REVENUE TREND

Caldwell is now on an accelerated growth trajectory, following a decade of moderate growth

Annual Professional Fees Trend (CAD \$ in millions)

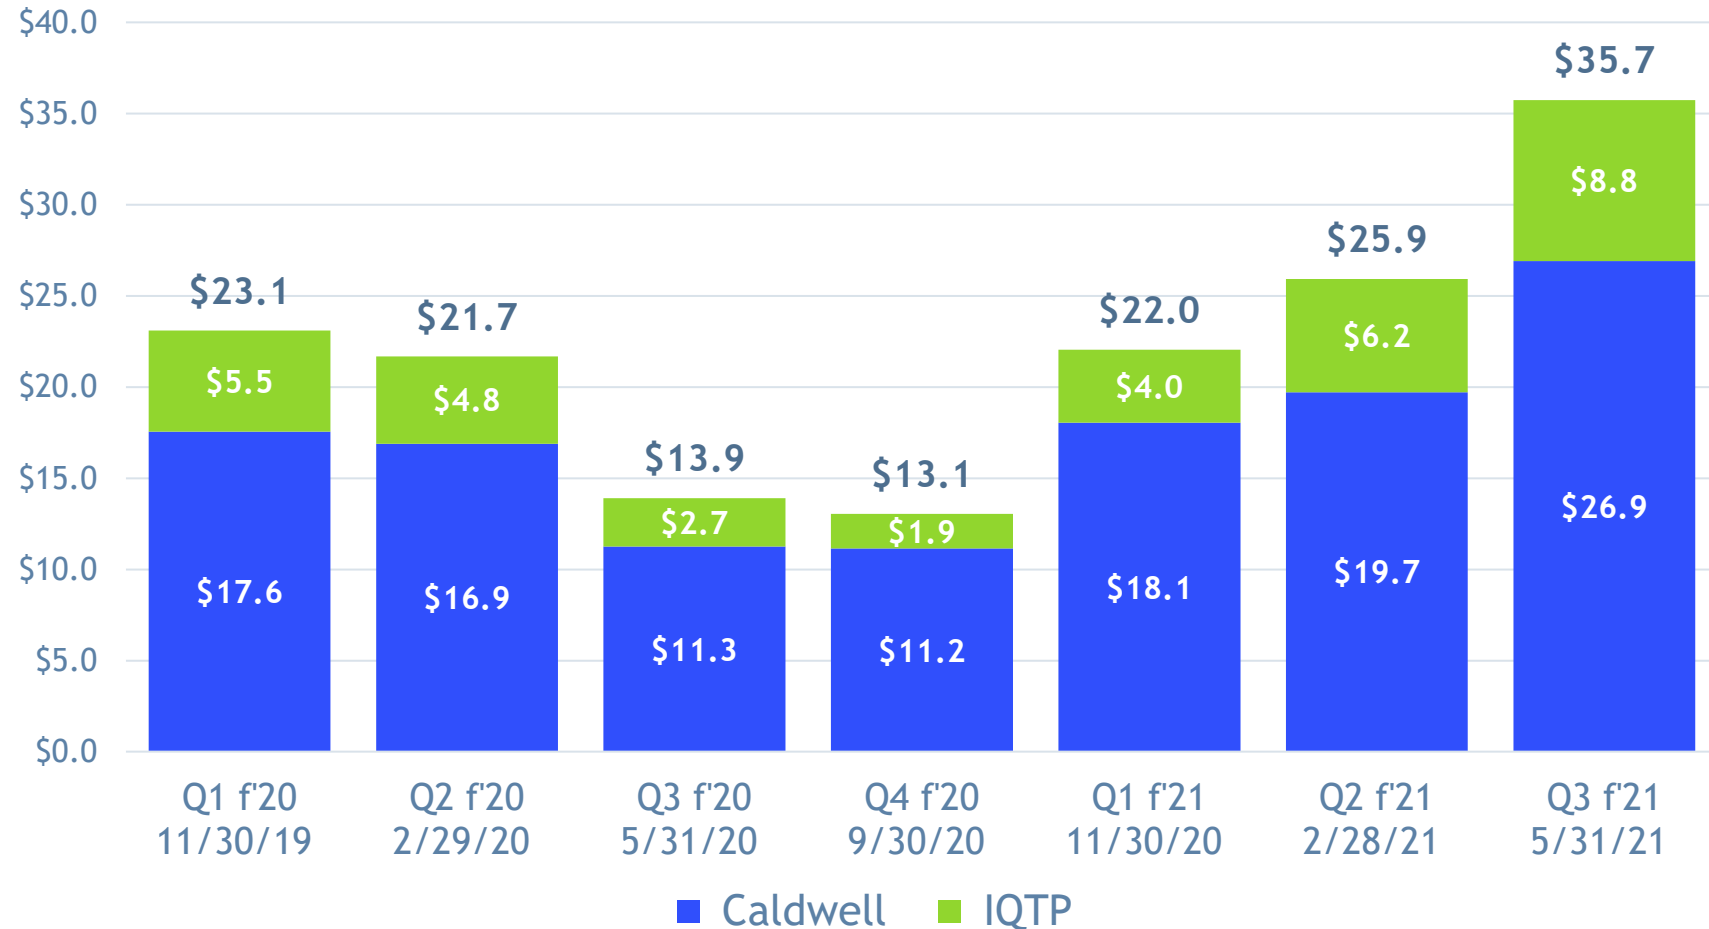

Note: f'21 TTM 5/31 IQTP revenue of \$13.1 million represents five-month ownership period since acquired on 12/31/20.

- Our first half of f'20 ended February 28, 2020 was the best in our history.
- The pandemic's impact was immediate in March and we swiftly adjusted.
- Ability to service clients was only minimally impacted—shift to virtual was seamless. Shrinking real estate footprint and less travel reduced the negative impact.
- Fiscal 2020 Q3 (ended May 31, 2020) and Q4 (ended August 31, 2020) were essentially a bottom period in the trough—revenue decreased by approximately 45%.
- Dramatic rebound in fiscal 2021 to date with TTM revenue in executive search at all-time highs and trending higher.
- Focus for fiscal 2021 is continuing to add partners, expanding Caldwell Analytics and integrating IQTP's back-office functions into Caldwell.

GROWTH PATH

CALDWELL

**Consistent,
moderate growth**

- Caldwell 2010-2019 CAGR 11.3%
- Recovered from pandemic with resumed growth trend
- F'22 anticipate an easement from most recent quarter's post-pandemic “surge” levels. F'23 resuming estimated annual growth of 8% to 10% on organic hiring/promotions (net four to six partners per year at \$1.5 to \$1.8 million per partner average)

AN ATTRACTIVE INVESTMENT OPPORTUNITY

- Growing cash flow with a (net) debt-free balance sheet
- Attractive valuation: currently trading at a trailing EV/EBITDA multiple of ~6x - far below industry peers
- Experiencing transformative growth with the recent acquisition of IQTP
- Multiple opportunities to expand talent solutions across all life-cycle stages
- Leadership team and Board - together owning more than 40% of Caldwell's shares - aligned with shareholders and committed to maximizing value

“Our vision for our two segments working in tandem is for IQTP to be a constant presence at our clients, providing recurring talent acquisition support, with Caldwell engaged for higher-end retained executive searches not undertaken by our clients’ in-house teams. Together we will be a seamless integration into the talent acquisition needs at all levels for our clients. We will continue to review business and technology acquisition opportunities that align with client-driven talent offerings and our belief that Talent Transforms.”
